

UJWAL PRADIP CHOUDHARY | SOC Analyst | Cybersecurity | Security Operations

Amravati, Maharashtra, India | 7709049121 | choudharyujwal2004@gmail.com | [LinkedIn – Ujwal Choudhary](#)

CAREER OBJECTIVE

Computer Science Engineering graduate with a strong foundation in Cybersecurity, SOC Operations, SIEM, Networking and Log Analysis. Hands-on exposure to Wazuh, Microsoft Sentinel, Wireshark and Nmap. Received opportunities for a Network Engineer role at CLOUDUNICORN PRIVATE LIMITED and a SOC Intern position at RootSecured Consultant Pvt. Ltd. Currently seeking a suitable entry-level opportunity aligned with a long-term career in SOC and Cybersecurity.

EDUCATION

BACHELOR OF ENGINEERING (B.E.) – Computer Science and Engineering

P.R. Pote Patil College of Engineering and Management, Amravati

2022–2026 | CGPA: 8.3 / 10

HIGHER SECONDARY CERTIFICATE (HSC)

N.G. Moghe Junior College, Shendurjana-Ghat

2020–2022 | Percentage: 70.33%

SECONDARY SCHOOL CERTIFICATE (SSC)

Janata High School, Shendurjana-Ghat

2019–2020 | Percentage: 86.20%

PROFESSIONAL OPPORTUNITIES

Network Engineer — CLOUDUNICORN PRIVATE LIMITED

Bangalore | July 2026

- Received an opportunity for an entry-level Network Engineer position.
- Opportunity aligned with networking and IT infrastructure operations.
- Strengthened practical understanding of networking concepts relevant to cybersecurity and SOC operations.

SOC Intern — RootSecured Consultant Pvt. Ltd.

Joining: 17 August 2026 | Nagpur — On-site

- Offered an entry-level SOC Intern position with exposure to Security Operations Center activities.
- Role involves SIEM-based security monitoring, alert triage and suspicious activity investigation.
- Responsibilities include analyzing Windows, Linux, network and firewall security logs.
- Exposure to incident investigation, SOC playbooks, basic threat hunting and security incident documentation.

TECHNICAL SKILLS

SOC & Cybersecurity: Security Monitoring, Alert Triage, Log Analysis, Incident Investigation, Incident Response Fundamentals, Threat Detection, Threat Hunting Basics, IOC Analysis, MITRE ATT&CK

SIEM & Security Tools: Wazuh, Microsoft Sentinel, Splunk, Wireshark, Nmap

Networking: TCP/IP, DNS, DHCP, ARP, IP Addressing, HTTP/HTTPS, Ports & Protocols, Network Traffic Analysis

Operating Systems: Windows, Linux

Query & Database: SQL

Computer & Documentation: MS Excel, MS Word, Web Applications, Email Handling, Technical Documentation

Work Skills: Attention to detail, problem solving, analytical thinking, deadline management, learning attitude.

CYBERSECURITY PROJECTS

Wazuh SIEM — Security Monitoring Lab

- Configured and explored Wazuh for centralized security monitoring and log analysis.
- Worked with security alerts and endpoint events in a lab environment.
- Practiced basic alert investigation and identification of suspicious activities.

APT29 Threat Intelligence & MITRE ATT&CK Analysis

- Researched APT29 attack techniques and mapped activities to MITRE ATT&CK
- Analyzed threat indicators and common tactics, techniques and procedures.
- Documented findings to understand threat detection and SOC investigation workflows.

Network Traffic Analysis — Wireshark

- Captured and analyzed network traffic using Wireshark.
- Investigated TCP/IP, DNS, HTTP/HTTPS and other common network protocols.
- Practiced identifying unusual network behavior through packet analysis.

CERTIFICATIONS & TRAINING

- Microsoft Office & Computer Fundamentals
- Cybersecurity Fundamentals Training
- SQL Fundamentals
- Advanced Software Engineering Virtual Experience
- Cisco Networking Certification Course - **Currently Pursuing**

ADDITIONAL INFORMATION

- **Target Roles:** SOC Analyst, SOC Analyst L1, Security Operations
- **Experience Level:** Entry-level / Fresher
- **Work Preference:** Full-time, on-site, hybrid and rotational shifts
- **Relocation:** Open to relocation
- **Typing:** 35 WPM with 97% English typing accuracy
- **German Language:** Beginner - Currently Learning (A1 Level)
- **Languages:** English, Hindi, Marathi.
